IMPORTANT: READ BEFORE USE

Read and follow all instructions in this guide before using Stelucca Amazing Shields®.

PRODUCT DESCRIPTION

Stelucca Amazing Shields® is designed to discourage cats from scratching furniture and protects your fabric upholstery from pet claw damage.

WARNING: CHOKING HAZARD. This product contains small parts. Keep away from children and pets. Do not leave children unattended around this product. Regularly examine twist pins and shields to ensure that they are attached to the upholstery. Do not use this product in cribs, beds, carriages, or playpens.

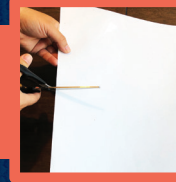

IMPORTANT

- We recommend testing this product on a hidden area of your furniture for a period of time to ensure it can be safely removed after installation.
- Do not use this product on a damaged surface.
- This product is not recommended for velvety fabrics or leather (genuine and synthetic).
- Do not expose this product to direct sunlight or heat.
- Use this product only for its intended purpose.

HOW TO INSTALL

1

CUSTOMIZE

Cut the shields as needed and easily customize size and shape to fit any type of furniture.

2

PEEL ADHESIVE BACKING

Remove the white carrier sheet (similar to removing a sticker) to expose the transparent self-adhesive shield.

3

APPLY

Hold the corners of the shield and press it firmly onto the area you want to protect.

4

SECURE

Insert the tip of the twist pin through the shield and twist clockwise until it is fully inserted. The pins are designed to go in between the fabric weaving.

Will the shields stay on my sofa?

Yes! The combination of self-adhesive sheets and twist pins will hold the shields in place.

Do I have to use the twist pins?

We recommend the use of twist pins because they are very effective in keeping the shields flat around the corners and preventing them from peeling off. On fabric, the mark is nearly invisible.

Will my cat scratch the protected areas?

Most cats won't attempt to scratch the protected area because they don't like to scratch on plastic. Stelucca Amazing Shields® are tear-resistant and will significantly prevent pet claw damage.

If you find yourself scratching your head over a question about this cat tape, our team will be happy to assist you with a solution that sticks. Email us at support@amazingshields.com
